

Football Fan:

1978

Here is your APBA Pro League Football Game. A realistic use of the players will give you statistical results incredibly similar to those of the real-life National Football League.

We shall be happy to answer any questions regarding the playing technique of the APBA football game, but we will not reply to any correspondence which requests information concerning the football rules themselves or the statistics of players or teams in the National Football League.

The following players comprise the teams of the 1980 edition of the APBA Pro League Football Game. Many of these players performed at more than one position, but these listings show the lineups used most frequently during the 1978 season. The frequency of their use when playing off an APBA schedule should be determined by the order in which they are listed at their positions: 1978 season

EB — Flanker back. Plays offensive halfback, but does not carry ball. Pass receiver only.
PA — Used most frequently for punting. PB — also punts.
OA — kicks extra points and field goals. KB — reserve place kicker. KO — usually kicks off.
TA — returns most kickoffs; place at left halfback position when receiving kickoffs. OB — use at right halfback on kickoffs and at left halfback when OA is injured.
OC — also used occasionally at halfback positions on kickoffs. Players rated OA — OB receive all kickoffs going to both positions.
TA — returns most punts; place at left safety position when receiving punts. TB — use at right safety on punts and at left safety when TA is injured.
TC — also used occasionally at safety positions on punts. Players rated TA — TB receive all punts going to both positions.
ONLY THESE DESIGNATED PLAYERS MAY BE USED IN THE DEEP POSITIONS ON PUNTS AND KICKOFFS, UNLESS INJURIES REQUIRE OTHERWISE.
ALWAYS USE R-COLUMN FOR PUNT AND PLACE KICK AND KICKOFF RETURNS UNLESS ANOTHER COLUMN IS SPECIFIED ON THE PLAYER CARD (TA-P, OA-K, etc.). THEN USE P OR K COLUMN AS SPECIFIED.
Use KA or KB for kicking off unless KO is specified.
If the player who does the punting or the place kicking is not a back he must be placed at the fullback position for the kick play. The quarterback holds the ball on all place kicks unless he is the kicker, in which case the fullback holds it. On kickoffs the kicker may be at any of the eleven defense positions.
Do not use a player at a position not specified on his card unless injuries makes it impossible to field both platoons otherwise. A player may be used on both platoons if necessary or if customary. Defense backfield players whose cards show no offense position may be used to return punts and kickoffs if the kick return men are injured, but never from scrimmage on the offense.
